

Moving Too Quickly

Unlike Pluto

So original
Follow my dreams until I reach the coast
Hypocritical
Never took a second to breath the ocean air

All those years surround me
Blind eyes and no memories
Living life at high speeds
Never took the time of day
Cut the take for scenery
Any joy it never stays

'Cause I'm moving too quickly, yeah

Unbelievable
I put my life on hold for nevermores
Underneath it all
Go a lot of places I don't see at all

While the sun was shining
Blinding silver linings
I'm not living my dreams
Never took the time of day
Cut the take for scenery
Any joy it never stays

'Cause I'm moving too quickly, yeah

Ooh, when you're light speed
There's nothing, nothing, nothing, nothing to see
Ooh, when you're light speed
There's nothing, nothing, nothing, nothing to see
Ooh, when you're light speed
There's nothing, nothing, nothing, nothing to see
Ooh, when you're light speed
There's nothing, nothing, nothing, nothing to see

I'm moving too quickly, yeah
