

## No Goodbyes

Unlike Pluto

Fame and freedom, why would we believe them  
Day to day, is weighing on my mind  
Soft oppression, built to teach a lesson  
My depression, driving me away

No goodbyes  
No goodbyes  
No goodbyes

I don't wanna risk it, I don't wanna waste time  
I'ma get wasted, I'm gonna get high  
Pour another whiskey, pour it till it hits me  
They're probably gonna drown me, then I'll finally sleep

No goodbyes  
No goodbyes  
No goodbyes

I was laying in the gutter, bruised and bleeding  
It's all in my head, please relieve me

No goodbyes, oh, oh  
No goodbyes  
No goodbyes  
No goodbyes  
No goodbyes
