

# Ridiculous

Unlike Pluto

Torpedo me to the bottom  
Everyone has their agenda  
Life gets crazy when things get heated  
But is it what I needed? Oh whoa ah

I don't wanna talk about your past dim light  
I don't wanna cut your ties like you're outta sight  
Oh no

My life is ridiculous  
Oh no no hatred  
Oh no no chasing you  
Ridiculous  
Oh no no hatred  
Oh no no chasing you

I know I'm ridiculous  
Tonight  
Tonight  
Tonight  
I know I'm ridiculous  
Tonight  
Tonight  
Tonight  
I know I'm ridiculous

Slingshot lies so they shoot back  
There's a thin line with no take-backs  
Erase that, you remake that  
Vengeance served cold with an appetite  
Some things never change when they seem alright  
Symbolism in the pain and starlight  
Alright, alright, alright, alright, alright

With vengeance  
Torpedo me down to the bottom  
It's a cycle with a never-ending problem  
Life gets crazy when things get heated  
Everything changes when you need it

I don't wanna talk about your past dim light  
I don't wanna cut ties like you're outta sight  
Oh no

My life is ridiculous  
Oh no no hatred  
Oh no no chasing you  
Ridiculous  
Oh no no hatred  
Oh no no chasing you

Oh no, my life is

Ridiculous  
Tonight  
Tonight  
Tonight

And I know I'm ridiculous  
Tonight  
Tonight  
Tonight  
I know I'm ridiculous
