

Silly How I Feel

Unlike Pluto

Shell shocked
Pressure like it's airlocked
Shoot lies like it's airsoft
Dizzy and I'm Dazed
Not forever now

Don't jump to conclusions
Misinformed illusions
And when I look in hindsight
Silly how I feel

Pixels stain
The words that you say
Took the wrong way
A story empty eyed

Chroma stains
And the Mindset changed
And a memory remains
With clearer eyes

Don't jump
Take time
You might
Get

Shell shocked
Pressure like it's airlocked
Shoot lies like it's airsoft
Dizzy and I'm Dazed
Not forever now

Don't jump to conclusions
Misinformed illusions
And when I look in hindsight
Silly how I feel

Silly how I feel

Too late, bombs away
They're raining over me
A moment away
Will never be the same
In a flash of light
Reducing me to dust
And I gotta find
A way out of the rubble

Take time
You might
Get

Shell shocked
Pressure like it's airlocked
Shoot lies like it's airsoft
Dizzy and I'm Dazed
Not forever now

Don't jump to conclusions
Misinformed illusions
And when I look in hindsight
Silly how I feel

Silly how I feel

Shell shocked
Pressure like it's airlocked
Shoot lies like it's airsoft
Dizzy and I'm Dazed
Not forever now

Don't jump to conclusions
Misinformed illusions
And when I look in hindsight
Silly how I feel
