

## Soul

Unlike Pluto

I'm done with no more words to hit it here  
And I've already made your face disappear

Out of my life  
Out of sight  
Out of my mind, mind  
Mind, mind

To free my soul  
My soul  
My soul (soul)  
To free my soul

I want no longer drowning in the fear  
Don't come running back to me, keep away from here

Out of my life  
Out of sight  
Out of my mind, mind  
Mind, mind

To free my soul  
My soul  
To free my soul  
My soul (soul)  
To free my soul

Should've thought of it before you tripped and fell  
You hurt yourself  
Should've thought of it before you slept with someone else

Free my soul  
Free my soul  
Soul, soul  
To free my soul  
Soul  
To free my soul  
To free my soul (soul)  
To free my  
To free my soul  
Free my soul
