

Starlight

Unlike Pluto

Takin' all the starlight from me now
Turnin' all my spotlight into dark nights
Stole it from me now
Takin' all my starlight

Takin' all the starlight from me now
Turnin' all my starlight into dark nights
Stole it from me now
Turnin' all my starlight into dark nights

And I don't want a heart attack
I fear the worst
Is comin' down, down on me
And I can't take this off my chest
I know I'm not my best
Rock bottom doesn't, doesn't pay rent

And I can't go and throw this all away
A stain on my name
Not turnin' a-, turnin' away
I thought you were invested into me
A fool's paradise
But look who paid the price

Oh, na-na (hey)
Oh, na-na (hey)
Oh, na-na (hey-ey-ey)
Oh, na-na (hey)
Oh, na-na (hey)
Oh, na-na (like a thief you're...)

Takin' all the starlight from me now
Turnin' all my starlight into dark nights
Stole it from me now
Turnin' all my starlight into dark nights

Dreams are nightmares in a haunted mind
I was left behind
Can't wake my cloudy eyes
And, oh, how the times have changed
As the seconds tick away
My life becomes detained

And I can't go and throw this all away
A stain on my name
Not turnin' a-, turnin' away
I thought you were invested into me
A fool's paradise
But look who paid the price

Oh, na-na (hey)
Oh, na-na (hey)
Oh, na-na (hey-ey-ey)
Oh, na-na (hey)
Oh, na-na (hey)
Oh, na-na (like a thief you're...)

Takin' all the starlight from me now
Turnin' all my spotlight into dark nights
Stole it from me now
Turnin' all my starlight into dark nights

You can't change a mind that's made
A bruise won't fade
I know you'll pray
That I'll just go away
(I will go away)
Maybe I'll just go away
(I'm gone today)

You can't change a mind that's made
A bruise won't fade
I know you'll pray
That I'll just go away
(I will go away)
Maybe I'll just go away
(I'm gone today)

Takin' all the starlight from me now
Turnin' all my spotlight into dark nights
Stole it from me now
Takin' all my starlight

Takin' all the starlight from me now
Turnin' all my starlight into dark nights
Stole it from me now
Turnin' all my starlight into dark nights
