

Stir Crazy

Unlike Pluto

Burn up my lungs
Breathe the air, it's hard to try to care
But not for long
I'm never gon' be a souvenir

World spinnin', spinnin' all around me
World spinnin', spinnin' all around me

I am locked up
Sedate me
My mind is slowly pushin' up daisies, I am chained
On a lockdown
In a daydream
And it feels like I am stirring up crazy

Alert the ones
The fear is that we're having too much fun
But not for long
In the end of days for the corrupt

World spinnin', spinnin' all around me
World spinnin', spinnin' all around me

I am locked up
Sedate me
My mind is slowly pushin' up daisies, I am chained
On a lockdown
In a daydream
And it feels like I am stirring up crazy

Burn up my lungs
Breathe the air, when I breathe the air
I'm chokin'
Burns up my lungs
Breathe the air, when I breathe the air
I'm chokin'
But not for long (Not for long)
I hope not for long (Not for long)
But not for long (Not for long)

World spinnin', spinnin' all around me
World spinnin', spinnin' all around me

I am locked up
Sedate me
My mind is slowly pushin' up daisies, I am chained
On a lockdown
In a daydream
And it feels like I am stirring up crazy
