

My baby and I like new silky sheets every night  
He buys me bourb' and whiskey neat  
And keeps on comin' every week

Ooh, he wants the suburbs  
When school's out for summer  
And we live by his mother  
I keep my drugs in the covers 'cause

I'm only sweet when I'm high  
I'm only sweet when I'm high  
I'm only sweet when I'm high  
I'm only sweet when I'm high

In class, I learned a lot  
Two pretty boys, to pass the time  
'Cause I got that good shit, American pride  
Kiss the kids goodnight and take the Harley for a ride

Ooh, he wants the suburbs  
When school's out for summer  
And we live by his mother  
I keep my drugs in the covers 'cause

I'm only sweet when I'm high  
I'm only sweet when I'm high  
I'm only sweet when I'm high  
I'm only sweet when I'm high

Ooh, I get so bored, scrub the floors  
Then get drunk while doing chores  
Does he even know me?  
Ooh, I'm never sure when he'll be home  
Get into trouble on my own  
I don't get lonely

Ooh, he wants the suburbs  
When school's out for summer  
And we live by his mother  
I keep my drugs in the covers 'cause

I'm only sweet when I'm high  
I'm only sweet when I'm high  
I'm only sweet when I'm high  
I'm only sweet when I'm high  
I'm only sweet when I'm high  
I'm only sweet when I'm high  
I'm only sweet when I'm high  
I'm only sweet when I'm high
