

# Talk Heavy

Unlike Pluto

Stay ready  
And you ain't gotta get ready while people talkin  
Get the fetty  
Never speak about it  
Cuz you too busy walkin  
Keep it steady  
Keep low  
Step light  
Be legendary  
Let your moves, let your actions talk heavy  
Let your moves, let your actions talk heavy  
Talk to 'em

I don't speak with my words  
Not a letter, not a noun, not a verb  
They talk too much  
The SHH is so absurd  
Try hit me with a third  
I just hit them with the swerve  
Yeah we all do our dirt  
But the fame got you lame  
Bringing stains to the surface  
Talk a big game  
But we really know you nervous  
I see you hurtin

Shallow speak  
Hallow tongue  
Broken words  
Broken lungs  
Tweedle dee  
Tweedle dum

Stay ready  
And you ain't gotta get ready while people talkin  
Get the fetty  
Never speak about it  
Cuz you too busy walkin  
Keep it steady  
Keep low  
Step light  
Be legendary  
Let your moves, let your actions talk heavy  
Let your moves, let your actions talk heavy  
Talk to 'em

Talk heavy baby  
Let you're moves talk heavy baby  
Talk heavy baby  
Talk to em  
Let you're moves talk heavy baby  
Talk to em

Get it crackin  
Less yappin for that clout shhh  
More numbers on the board less announcements  
Go ahead and be the loudest

It's the quiet as the mouse ones that be movin mountains  
I only roll with go getters  
That move like frank lucas before the chinchilla  
More winnin  
More skrilla  
Town wrecker, big steppa, godzilla

Shallow speak  
Hallow tongue  
Broken words  
Broken lungs  
Tweedle dee  
Tweedle dum

Stay ready  
And you ain't gotta get ready while people talkin  
Get the fetty  
Never speak about it  
Cuz you too busy walkin  
Keep it steady  
Keep low  
Step light  
Be legendary  
Let your moves, let your actions talk heavy  
Let your moves, let your actions talk heavy  
Talk to 'em

Talk heavy baby  
Let you're moves talk heavy baby  
Talk heavy baby  
Talk to em  
Let you're moves talk heavy baby  
Talk to em
