

# Talladega Knights

Unlike Pluto

Are you outta your mind?  
We can go back in time  
Close my eyes and rewind to the days  
We were out of our minds  
Talladega knights  
Are they transporting you?

Into your youth  
Wish that you never grew  
Relive what you don't wanna lose  
Oh, bring it back  
Everything had to move  
My last cigarette

I wanna be timeless  
So no one has to move on  
Oh, everything was a song, yeah  
That I was timeless  
Planted deep in my brain  
Sweet thoughts like a sugarcane

Watching all the movies  
Sneaking out to buy our regrets  
With no expense  
I've done worse for less  
Crazy kids, crazy friends  
It's not you when you play pretend

Don't hit snooze  
Wish that I never grew  
Dream what you don't wanna lose  
Oh, bring it back  
Like it was déjà vu  
My last cigarette

I wanna be timeless  
So no one has to move on  
Oh, everything was a song, yeah  
That I was timeless  
Planted deep in my brain  
Sweet thoughts like a sugarcane

Take me back  
I wanna see all those dead ends  
Never shake the cobwebs  
Leave my room how I left it  
Take me back before the sunset maze  
I could never navigate through

I wanna be timeless  
So no one has to move on  
Oh, everything was a song, yeah  
That I was timeless  
Planted deep in my brain  
Sweet thoughts like a sugarcane
