

# Twilight Tears

Unlike Pluto

They're crying twilight tears  
All their crying, yes, they're dying  
Twilight  
T-t-tears, t-t-tears

It all comes alive at night  
A shattered mirror looking for sunlight  
The diary of a soul with a story  
Hide the blood, its gory

Under the sky of a stormy painting  
With lightning that feels like it's aiming  
The colors are dim but degrading  
What is happening to me?

They're crying twilight tears  
All their crying yes they're dying  
Twilight tears  
C-c-cry, c-c-cry  
Twilight tears  
All their crying, I'ma stay dying  
Twilight  
T-t-tears, t-t-tears

T-t-tears, t-t-tears  
T-t-tears, t-t-tears

I never thought or realized  
My dark manifestations starlight  
My mind is painting them to life  
Hide and run, and worry

Closing in to survive  
Pulling me down with a grip that's tightening  
My heart is racing, it's frightening  
What is happening to me?

They're crying twilight tears  
All their crying yes they're dying  
Twilight tears  
C-c-cry, c-c-cry  
Twilight tears  
All their crying, I'ma stay dying  
Twilight  
T-t-tears, t-t-tears

T-t-tears, t-t-tears  
T-t-tears, t-t-tears
