

Twisted

Unlike Pluto

Twisted after dark
After dark
In my heart
Twisted after dark
After dark
In my heart
Runaway
All the haunted memories of you
After dark
After dark
In my heart

I'm holdin'
I'm holdin' yeah I'm holdin' yeah
And I'm frozen
I'm frozen yeah I'm frozen yeah

History
Something is a mystery
Part of you is covered in gold
Story left untold

Twisted after dark
After dark
In my heart
Twisted after dark
After dark
In my heart
Runaway
All the haunted memories of you
After dark
After dark
In my heart

Creeps up on you
When you don't know you're dealing with your past
A memory of you that will last

History
Something is a mystery
Part of you is covered in gold
Story left untold

Twisted after dark
After dark
In my heart
Twisted after dark
After dark
In my heart
Runaway
All the haunted memories of you
After dark
After dark
In my heart

I didn't mean to dig in your past
Though you're no longer with me

You're closer than you used to be
