

We're Screwed

Unlike Pluto

Oh, darling, are we an archetype?
A part to play, living by written lines
Downfall, just so I can rise
Above it all and learn a lesson from life

Mmm, living inside of a lens
Mmm, panning and fading, the colors degrading

And after it all, after it all
We're gonna die
Please do not wait for me after I'm gone
And 'cause in the end
Our purpose was to play a role
Packaged and sold
Oh, honey, we're screwed
Honey, we're screwed

Oh, darling, am I the only one?
Eyes wide while everyone else is shut
Dancing, choreographed
Stuck inside of four walls, how long can it last?

Mmm, living inside of a lens
Mmm, panning and fading, the colors degrading

And after it all, after it all
We're gonna die
Please do not wait for me after I'm gone
And 'cause in the end
Our purpose was to play a role
Packaged and sold
Oh, honey, we're screwed
Honey, we're screwed

Earthquake
We're falling from the sky
We're all gonna die
We're all gonna die

And after it all
We're gonna die
Don't wait for me after I'm gone
And 'cause in the end
Our purpose was to play a role
Packaged and sold
Oh, honey, we're screwed
Honey, we're screwed
