

## Wouldn't You Agree

Unlike Pluto

Can't we go and find a new horizon?  
Somewhere else  
End this charade  
You been barricaded on an island, set it free  
Please, can we put the past behind us now?  
You won't even look me in the eyes and conversate  
You hesitate  
You know that it ain't even worth denying, no debate

Please, can we start from scratch and try a  
Clean slate, won't you agree?  
There's no rewriting history  
Pour out our destiny  
We need to feel, electricity

Trust me, I don't wanna take the high road  
Honestly  
You brought me low  
Holding all the grudges in my hands and set them free  
'Cause all they do is bring me lower  
I been looking for a new perspective  
Honestly  
I'm letting go  
Took a while but I learned a lesson, set me free

Please, can we start from scratch and try a  
Clean slate, won't you agree?  
There's no rewriting history  
Pour out our destiny  
We need to feel, electricity

Clean slate, won't you agree?  
There's no rewriting history  
Pour out our destiny  
We need to feel, electricity
