

Wrong Faces Wrong Places

Unlike Pluto

I don't know why
I can't make out the thieves and parasites
They don't even hide
They multiply
They swarm until they get into my mind
Guess it's fight or flight

Oh-oh-oh
I gotta go
My feet are too slow
I'm not in control
Oh-oh-oh
All the wrong faces
In all the wrong places
They've left me so jaded, oh

Desensitized
My nerves are burned by all the constant lies
They don't even hide
I'm paralyzed
The life I got was not as advertised
Leave it all behind

Oh-oh-oh
I gotta go
My feet are too slow
I'm not in control
Oh-oh-oh
All the wrong faces
In all the wrong places
They've left me so jaded, oh
