

Yippee Ki Yay

Unlike Pluto

Yippee yippee ki yay
Just like fucking John Wayne
Fourty fives blazing
Yippee yippee ki yay
Just another runaway
Now I'm just a renegade

Lone Ranger, out on the prowl in the late night
Craving alcohol in the tank of the mustang
And I'm running it dry
Rev high, have the time of my life

Na, na, na, nan, na, na
Smoking another red
Na, na, na, nan, na, na
Holding a thumb on lead
I wanna be like you, John Wayne
I just wanna be something

Yippee yippee ki yay
Just like fucking John Wayne
Fourty fives blazing
Yippee yippee ki yay
Just another runaway
Now I'm just a renegade

Lately, entertainment has been pretty angry
We are living a terrible daydream, yeah
Run and hide, run and hide
Cuz we're miles away from the light

Na, na, na, nan, na, na
Smoking another red
Na, na, na, nan, na, na
Holding a thumb on lead
I wanna be like you, John Wayne
I just wanna be something

Yippee yippee ki yay
Just like fucking John Wayne
Fourty fives blazing
Yippee yippee ki yay
Just another runaway
Now I'm just a renegade

Ten steps and turn that's how they take a life
A lawless town, that's running on pride, veins full ice
Ride away, away, away, away into the sun
Ride away, away, away, away 'cause I'm the one

Lied awake the next day with a woman right by your side
Oh how I can get used to this crazy kind of life
Oh how I can get used to this crazy kind of life

Yippee yippee ki yay
Just like fucking John Wayne
Fourty fives blazing

Yippee yippee ki yay
Just another runaway
Now I'm just a renegade

Woa-ohh-oh-oh-oh, yeah
Woa-ohh-oh-oh-oh, yeah
