UnoTheActivist

Huh
Mm, mm, yeah, yeah, the light
Uh, yeah, pass me the light
Moving, gotta get right
Yeah, it's part of this life
Yeah, I'm feeling for life

Yeah, I'm all in for life
Please pass me the light
Taking my time just so I could get right
I cannot change overnight
Yeah, she change overnight
I keep a pole, I keep a pipe
She wanna ride like a bike
Say that I love her, then told her, "Sike"

I know her feelings are hurt (Ain't right)
I got some niggas, got murked (Ain't right)
I told 'em, "Go to the church"
You scared, 'cause a little boy could get hurt
Know what's worth
Know, I know what it's worth
I been that one since birth, yeah some call it rebirth
Bringing it back, I told her reverse
I'm bringing it back, I told her reverse
My life is a movie, it's not a rehearse
Said that she love me, it feel like a curse
I got some niggas who live in a hearse
Worse, or worse
Niggas who live in a can
While I be living with Ms
Niggas who live in a jam, damn
Bitches who live with they friends
I wanna fuck on a bitch, but the bitch live with her mans (Damn)
But I still fuck on the bitch, shit, whenever I can
Yeah I just fuck on the bitch, she saved my number as likely a scam
Where the fuck did I go wrong?
I do not, know
I do not know, so I gotta' keep the pole

Yeah, I'm all in for life
Please pass me the light
Taking my time just so I could get right
I cannot change overnight
Yeah, she change overnight
I keep a pole, I keep a pipe
She wanna ride like a bike
Say that I love her, then told her, "Sike"

Whoa, gotta drive slow
I'm a little drunk right now little high so I gotta' drive slow
I know what you did
She's into texting my phone
These bitches they come and they go
These bitches they come and they go
My energy flow
She know my energy strong

So she wanna come take a loan
She walk in that thong
She ain't got a fit
She ain't got nothing on
Even if she do me wrong
Life goes on
Life goes on
Life goes on
Yeah they did me wrong
Life goes on
Niggas texting her phone
What she on?
I don't know no more
I just stay all in my zone
Life goes on
Life goes on (The way I do this shit you know I'm trim)
Life goes on
Life goes on (Niggas want my life, they want my body inside a river)
Know I put my heart inside this shit when I was little
I'ma put my soul inside a bitch this shit get wicked
Know this is your bitch so you can have her when I'm finished
Seen me in my section, I got all the baddest bitches
But I'm staring off and thinking about you
I got tunnel vision
And I'm out tryna get it, niggas tryna give me buck fifty
Tryna keep up with my image
Bitches tryna give me a hickey
They stay in my business always asking about my family
Know we in that coupe but that don't mean I'm in my feelings

Me? Love you?
Bitch you got to be crazy
I use you
You're a toy, bitch
