

Yeah, bitch
Yuh, yuh, yuh, yeah, yuh, yuh
(Uno I killed it)

Counting that guap from the AM to PM
She gonna pop this Plan B, can't have no BM
I'm in the grow house doing the cabbage patch, I know that's him
Yeah, bitch I drip and drown, hope you boys can swim
They say he the coolest guy around, they a fan of him
I said I'm the coolest guy around
He talking hot then I'm gon' fan him down, yeah, that's him
Jump off the front porch, air it out, take his breath from him

You put the P in peasant
I put the P in player, I put the P in president
I got a five-star residence, you should see the view from here
Mad 'cause I do what I do but I cannot be mad when they shaped like a cubicle
And I'm fresh to death, dressed for this funeral
'Cause I'm killing them rappers and they hoes too
Killing they pussy, I'ma die 'bout some hoes too
You see the pain in the drip, you getting my soul took
She get a pain in her lip, she sucked my soul
You see the pain in that grip, squeeze, let it blow
I walk in controlling the grip, I'm gon' shoot it slow
I'm gon' let it go fast then go watch 'em fold
Flat, flat, flat, I'm from the flat
All the things I did or what I said, I can't take back
No, I don't give no damn, I'm where I'm at
Choppa gon' go like, "Damn, where you at? Damn"
Where she at? I'm so high, I'm looking for her so I'm dressed the best
Let her have my blood, she can even have my flesh
When I gave up on love, that's when I started to see checks, damn
I can't give up on that, I'm gon' get both, yes I am
She said that she love me for who she think I am
I was in the kitchen whipping up the Toucan Sam
The bitch is a swoop, the bitch is a swoop, she gon' scoop what she can
I'm gon' throw it, she gon' scoop what she can (Racks)
I got money for bail, I just got out when I just went in
It ain't Fendi fair, all this drip, I'm spending Ms
