

I'm really a big deal  
That ice, I'm on big chill  
Got water like big whales  
She poppin' that big pill  
She poppin' that tip drill  
Like fish, I got fishscale  
I guess I'm the shit now  
I guess I'm the shit now  
I'm ridin' on big wheels  
I'm counting on big bills  
Dream chaser like Meek Mill  
I just can't seem to sit still  
Won't give 'em the upper hand  
Got lean in my other hand  
Won't depend on another man  
Won't lend to another man

Ooh, livin' my life  
Ooh, she give me life  
Yeah, she get me right  
Yeah, she ride it like bike  
Yeah, girl, grip on tight  
Yeah, please suck, don't bite  
Yeah, no teeth, no, ooh  
Count all night, yeah, C note  
Please don't try to be a hero  
Yes, this old ice is subzero  
Don't know why these niggas hate all night  
Yeah, I don't give a flying (fuck it)  
I think these niggas birds, 'cause I really do got bird's eye  
Take the knife off the AK, then I'm gon' cut out both eyes  
Diamonds glow in the dark, but you ain't even no sight

I'm really a big deal  
That ice, I'm on big chill  
Got water like big whales  
She poppin' that big pill
