She pop that coochie, that coochie, she hide that knife on her lip  
She hide that coke in her coochie, the cops pull me over quick  
I'm real deceitful with this, I might just leave her with this  
Might call her brother for the cocaine, I need me a brick  
Got on my hood in the hood  
Bad bitch, lips lock, make me good  
I put my tip on her lip, she like, "Boy, I wish you would"  
Yeah, I've been applying for a minute, masked up, hop out the bushes  
Choppers on the beds like books

Double C, duck like you took it  
I'm like, "Say some"  
Why you want me to take that, little pussy?  
Want me to have a face-full of pussy?  
No face, the case closed, cookie  
But you can open up that mouth and get a taste, though
