Grabba leaf hit too hard  
Tired of being basic  
Hope they never trade on me  
Cactus in the basement  
Desert Eagle placements  
Na, na, na, na  
Ferrari pedal put my foot to the medal

Give my bitch a bezel, youngest in a Rollie bezel  
Patek with the pebbles  
Geeked up off an edible  
New level, new devil  
Pocket full of blue crayons  
But I ain't trying to say nun  
Better check my beta, better check my data  
Been lit for a decade  
Goyard with the Rackaids  
How you bi, and just say hey  
Wrist cut like machete

Gave her racks, she went got surgery (Hotsauce)

Woah, woah, woah

She want a new Goyard  
Why she fuck me in the first place?  
She don't even know my first name  
Ay, get high, see what God see  
Get so high, can sit on on God's knees  
She pop Percocets and Plan B's  
Ugh

Heard you get around, yeah, that's that shit I don't like  
Smoking out the pound, yeah  
Lost a lot of shit that I ain't find yet, yeah  
Hoe I caught you lying, I was just lying back  
But I'm tryna change  
Auntie call my name  
Uh, servin' cocaine  
Baseball hat to the back, Atlanta Brave  
She got box braids, uh
