We been having it man, since like?

2010

And beyond, tell ya!

Bitch I feel like Chief Keef in 2010 (Sosa!)

Dreads all on my face looking for a opp to spin (phew)

Got 300 bullets that'll Sparta kick him in his shit

Off the muscle when we pull up like the bar under my chin

In the kitchen watch me cook up 'til it turn a little tan

Catch ya stealing when you look up I'll be cutting off ya hand (phew)

1st rule, never playing with a nigga that ain't playing

They all wanted me to kick the cup like my name Jackie Chan

Put the red dot on ya nose we ain't going sleighing

They tell me I'm giving them hope

When I come to the hood and start giving out bands (phew)

(Give back to your community man)

Nigga try me we ain't giving out hands

She want my dick in her throat

But how you don't like when I'm fucking ya friends ? (phew)

Before I'm kicking the door I'm beating the pot with the arm and the hammer

They seen him on TV 'nother opp done died again (damn)

I ain't like how he bleed so I made him bleed again (damn)

I won't stop 'til I see a R.I.P. T-shirt on his mom and friends

If you owe me money I swear I hope that you can swim

I'm gonna make you pay me \$200K every month like Ye and Kim

Out here arguing with this bitch

She ain't even my type for real

Took "The Activist" out my name

Police thought I had pints for sale

He get caught but will he tell the truth?

Only time will tell

They all label me a demon like I spent some time in hell

I got custies out here feining so I triple beam the scale

She had fell in love with my semen like she join the Navy Fed

Take my shirt off hoes stop breathing they be saying I'm sexy as hell

I was nice but bitch I ain't mean it

It was a test and bitch you failed

Free my bro tried to get a subpoena

This bitch is a go man her name is Salena

We drop a body and head out to Phoenix

Before the police can come set the whole scene up

Bro out the lobby we headed to Mexico

We out the back door and we bringing Nina

Givenchy all on my body

Because I just like how to dripping

Change up the demeanor

They know I'm that nigga

'Cause why do yo bitch wanna rub on my body

Just like I'm a genie

She having body but thinking I'm paying

I laugh at a hoe face

Just like a hyena

Bitch niggas know that I be balling

I gotta do all my next shows in arenas

Bitch I feel like Chief Keef in 2010 (Sosa!)
