Everybody know that I'm 'a win like Charlie Sheen
That bitch wanna fuck me 'cause she see me in her dream
I'm 'a come clean nigga all I drink is lean
If you bring my lean just make sure my shit come clean
If you hit my dope be sure you know my shit come clean
Acting like you know me when you don't nigga come clean
I'm 'a come clean mix Saint Laurent with my 'preme
I be drinking lean just make sure my shit come clean

No this ain't the usual kicking shit like the uterus
I got square like cubicle and I'm stuck in a studio
Nigga who you fooling yeah we shoot you like a bullet hole
Nigga who you fooling you got your flat from the beauty store
Nigga who you fooling I walk around with my toolie though
And I swear these hoes boring and they are groupie hoes yeah
And I swear all my diamonds they look like good to go yeah
And your diamonds they hide and they be like peek a boo yeah
Wait damn
All of my shit was shine
I hit that hoe from behind
I hit it back like rewind yeah
I'm in the back like recline yeah
All of my bitches are fine yeah
All of my bitches are mine yeah
You cannot get none of mine yeah
And I put that on my life yeah
AK it came with a knife yeah
I might take a nigga life yeah
I might take a nigga wife yeah
But I only want one night yeah
I'm 'a pass her to the right yeah
Look at the lean sit on ice yeah
I just wanna be just like "Ight" yeah
I'm in the turn up like aye yeah
All of my diamonds are bright
All of these hoes wanna bite
All of these bitches wanna fight for me
All these hoes once in my life
Little bit better think twice
Little bit better roll the dice
Oh it's good that you tried
I'm balling you still at the wire
I know my hoe was a liar
But you know I am so fly
And she know my diamonds so bright that you can see up in the dark with no l
ight
And she know all of my money double up so she know it's right in her mind
And she know I keep a double cup
I put that lean in my sprite

Everybody know that I'm 'a win like Charlie Sheen
That bitch wanna fuck me 'cause she see me in her dream
I'm 'a come clean nigga all I drink is lean
If you bring my lean just make sure my shit come clean
If you hit my dope be sure you know my shit come clean
Acting like you know me when you don't nigga come clean
