

Nigga I got wholesale, coming by
Nigga this a coke deal, come a try
Nigga I got clientele, hurry up and buy
Say you want some work but it ain't that hard to find
Nigga I got customers, I got customers
I got customers, I got customers
I got bad bitches working on the stove
Got them aunties posted at my back door

Wrapping the work and we sending it out
She ain't sucking dick than we kick the bitch out
We wrapping up birds and we sending them out
With my wrist I could probably take your bitch
Posted up a fifth shorty said she want a sip
I cannot help but these niggas they know that I'm dripping, I'm dripping
Niggas keep playing, they know that I keep that .40 on my hip
I got the good dope, I got clientele
Bitch I got the rocks like I'm David Dahl
Try me, that nigga going to hell
My cup is so muddy, if I took the test than you know I would fail
come through the mail,
We got the money for bail, and a fish scale
Shorty takes so many bumps, it's like, we speaking in Braille
Running like I'm Forest Gump, if I see 12 on my tail

Nigga I got wholesale, coming by
Nigga they a coke deal, come a try
Nigga I got clientele, hurry up and buy
Say you want some work but it ain't that hard to find

Wanna pull up, come play some

Say what's really real, my little cous' and your bud help you catch a fade
If that broad got a car, make her catch a play
And my boy Uno say he need it andale

Junkies at my front door, they want whoa whoa whoa
Had to tell they ass to go, I don't have no more

And a bunch of blood, guts on the fucking floor
Bang bang in the back, nigga shoot the craps
