It's been a minute, she still ain't call back  
Jordan year at 23 so I'm gon' fall back  
Even though she uncontested, she gon' fade away (Fade away)

Can you breathe when you see me, girl? (Mm)  
I could see your energy, you in molly world (Mm)  
I used to think that I could go out and probably save the world  
But now I keep .223s, I'll probably go out and rob the world (Yeah)

Had a bad bitch named Robin and her favorite bird was a robin  
Liked to spend her time slobbing, hmm (Yeah)  
And I'm here for that but I'm not here for your problems  
Oh my God, I had to live in it if I die right now  
Only if you know what's going through my mind right now  
You must didn't know I keep the blocka-blocka (Grrt)  
Cold-hearted nigga with the chopper-chopper  
If I ever told my story then I told my piece  
If I ever told my story then I told my piece  
Fifteen thousand dollars on a couple pieces (Yeah)  
A couple garments for her, she is so exquisite  
Everything I do for shows on the low (Yeah, low)  
Then I asked her, "Have you ever thought about life on a boat?" (Prr)  
I mean I'm having so much water we see these dolphins float (Huh)  
New Patek, diamonds resemble a disco (Yeah)  
Yeah, I came a long way from the trap (Yeah)  
But I still gotta have the mentality of that trap (Let's go)  
In all actuality, it's about the racks (Dig?)  
They tried to lie on you, they tried to call you a rat (For sure)  
I'll die for trust and truth and that's facts (For sure)  
Yeah, I'm all up in they head, they can't relax (Ha-ha)  
And she ask for y'all niggas to be direct (Yeah)  
I'm on your head next time I hear it from a bitch (For sure)
