I said, "I think I seen you in my dream"

She said, "That's crazy, I seen you in my dream"

She said, "Guess it's love at first sight"

Said, "I fell in love with that money first, honey"

Said, "I fell in love with that money first"

She in love with the money first

Walked in, hundred burst

I wrote to her a Birkin purse

I ain't had no money first, turned into a burglar

Had to find some hustle first, hanging out with murderers

She in love with the lifestyle, on the edge, living wild

I was just a problem child, it's a bigger problem now

She gon' heal her lip if she talking down

Believe in the hype, I ain't calming them down

Took LSD, I'm a shaman now

We gon' use each other climbing to the top, I ain't tripping

But like, how is there some loyalty with no love? I don't get it

I got drugs in my system, I got drugs in my system (Yeah)

When I'm on that Addy, got tunnel vision (On that Addy)

When I'm on that purp', I'ma fuck her silly (For sure)

When she take that molly, want me to fuck her silly (Yeah, yeah)

When I'm on that Xan', I'm like, "Fuck your feelings"
