

Dynamite

UnoTheActivist

My view, panoramic
Hangout, ornament
Pass off, quarterback
Baby ride me like a saddle-back
Baby, any drama, I'ma handle that
Handle that, handle that
Handle that, handle that
Handle that, handle that
Came from the dirt, I'm a dirt-biker
Ice cream, Klondike
Perc' 10, my type
Just about to blow like dynamite
Dynamite, dynamite
Dynamite, dynamite
Dynamite, dynamite
Dynamite, dynamite

Bitch, I'm everywhere, satellite
Hoe got a fat ass, cellulite
At nighttime never stop at the red light
Baby, come here, trying to see what the head like
All white diamonds on me, looking like a night light
Bro was locked up, had to send a little kite
I gotta put a little bitch on skates like esquire
Guess I gotta take my talent elsewhere
Got a big chopper, let it burn like Usher
I can't even cap, I don't fold under pressure
Get in that cat, gon' burst like Gusher
Beat a nigga ass, take a photo, that's a mugshot
Seen the nigga next day sitting at the bus stop
Yeah, me and Sosa
Me and two holsters
Anything go when your diamonds look focused
Got a big ol' K, riding 'round like Pinocchio

Got a little bitch and she suck it and she don't bite
Came from the cut like parasite
Diamonds on shine, yeah, lit like a candlelight
Yeah I'm going hard like a firefight

Yeah I'm getting high like a firefly
Cutting through this shit like a Samurai
Dance on a beat like Hammertime
Nigga got a problem like I'm off the handle
I step in with drip, I got Gucci on sandals
Come down your chimney just like I'm Santa
You got a problem I put you in hammer
I'm with little Uno we don't do the Fanta
Pour up in the Brisk, I lean when I'm standing (Good lord)
Can't catch me slipping, I'm toting the canon
I'm Sosa, little baby, no Sammy, ay
