What  
(Skud Newbie, bitch)  
Uh (What, what)  
What  
Just a shame  
Drip more than Rick James (Drip)

I got big money, I'm a star blowing big O's  
What's your name? Sorry, but I don't know  
Who you are, I don't know, I don't know  
Who you are, think you need some time to glow  
Just a shame  
Drip more than Rick James  
I just scraped a couple things out the blue flame  
Choose one, I don't know, I don't know  
Kinda hard, eeny, meeny, miny, moe

Show up, fuck her, then it's vamanos  
Hurry up, andale, adios  
Know I get my way like  
Move that gas from the Bay to the East coast  
Know I got that drip when I talk  
Walk with the drip, you can get some drip from my walk, dig  
All that ice on me it was for the kids  
Lot of lights on me when the Shyne froze for the pic  
Boy, your main hoe out here thotting, got you looking weak  
Yeah, you better control your hoe if you trying to control the streets  
Uh, yeah, I don't even know about yall, but I was saved by the bell like Scr  
eech  
So, yeah, let's eat  
Everybody eat

Big money, I'm a star blowing big O's
