

Firemane

My hoe said she gon' kill me
If I don't pull up and drop this dick off in the kitty
Broke up with my bitch
My partner told me that she too friendly
Flip a nigga like pack
Keep it like like we don't fuck with Dennis (fuck nah)
In LA with a Spanish broad
Police at my door they're thinking that I'm cracking cards
Told that hoe to get on a plane
It's not that hard, they're talking down
Told that nigga that it's up just like a shooting star
Get him whacked while I'm in Paris
Nigga run it up
I'm trying to touch your bitch like my name Nard
She bad she get anything she want, just swipe my credit card
He think he a demon, I send his ass to meet the lord

Hood bitch, trapped out
Booty shorts, ass out
Uno Act, cash out
Rob a nigga, map it out
Young niggas, masks down
Rich nigga, bank account
Lotta choppers in the couch
Wrong move, then I'm out
Cancun, sky dweller
My T-shirt. Margiela
I ain't do a damn thing for them niggas, you let them tell it
Ran off on some niggas, they snap on us like yea I ain't need
New York, my new bitch a bank teller

My hoe said she gon' kill me
If I don't pull up and drop this dick off in the kitty
Broke up with my bitch
My partner told me that she too friendly
Flip a nigga like pack
Keep it like like we don't fuck with Dennis (fuck nah)
