Know I'm in your head, give me that head like aspirin
And I just got me some ice, really want me an Aston, oh
I got new money, I got new status (Yeah)
I got good times, I got bad habits (Oh)
I got road rage, thanks to the two-hundred dash (Skrrt)
I got growing pains, still believe in magic (Yeah)

All my life I've grown up knowing to be savage (You dig)
Turn your back on me, I swear I won't look back on you (whoa)
How is that your partner? He crossed you, he stabbed you (How?)
Pain's always stressing you down, you mad (Huh?)
No rag, leave it in the bag (Damn)
I pull up with my foot on the pedal and I'm good on gas (Uh, co

My morning too (Brrt), and I'll shine on you
If I don't care how you feel, my bad

If I wanna know how you feel, I'll ask (Question, ooh)
If I wanna know how you feel, I'll grab, yeah (Feel it)
World up in my hands, you still tryna get a grasp, yeah (Hold i
t, hold it)
Can't be from this world, I feel more than a man (Ooh)
If you reaching for my chain, you get more than a slam
Yeah (Brrt), that's a bet
Fuck a bitch, arm leg (Leg), arm head (Woo)
Headshot, red dot (Head), infrared ('Red)
Infiltrate all the spots (Ooh)
