UnoTheActivist

(Krookz)

Huh, yeah

I just need y'all to put y'all lighters in the sky

You know what I'm sayin'? (What?)

Uno, I killed it

Yeah, wanna go up in my life like moving a mountain (Uh, yeah)

Feel like I'm stuck in the middle, I won't change the outcome (Uh, yeah)

Niggas not winning these wars, I'm winning the battle (Uh, yeah)

I need a rider like saddle, different hoes at the pad (Uh, yeah)

Wanna go up in my life like moving a mountain (Uh, yeah)

Feel like I'm stuck in the middle, I won't change the outcome (Uh, yeah)

Niggas not winning these wars, I'm winning the battle (Uh, yeah)

I need a rider like saddle, different hoes at the pad (Uh, yeah)

Time to pack your bags, girl, hurry up and head home (Uh, yeah)

Hold that grip tight and that head strong (Uh, yeah)

I didn't even write these verses, but I'm gon' right my wrongs (Uh, yeah)

Write my signature in cursive, but I'm still straight on (Uh, yeah)

The art I paint in these words you couldn't even sell for a soul (Uh, yeah)

You hardly get enough credit for all these niggas you put on (Uh, yeah)

You pop you half a Perc' then partake in these songs (Uh, yeah)

Puttin' in all that work but y'all niggas already gone (Uh, yeah)

Yeah, wanna go up in my life like moving a mountain (Uh, yeah)

Feel like I'm stuck in the middle, I won't change the outcome (Uh, yeah)

Niggas not winning these wars, I'm winning the battle (Uh, yeah)

I need a rider like saddle, different hoes at the pad (Uh, yeah)

Wanna go up in my life like moving a mountain (Uh, yeah)

Feel like I'm stuck in the middle, I won't change the outcome (Uh, yeah)

Niggas not winning these wars, I'm winning the battle (Uh, yeah)

I need a rider like saddle, different hoes at the pad (Uh, yeah)

Gotta protect my heart, ain't no more going out sad (Uh, yeah)

I just spent ninety-five hundred, had to go roll my swag (Uh, yeah)

Spend my whole check, but I got a new check (Uh, yeah)

Spend my whole life tryna fuck a bitch on the jet (Uh, yeah)

Can't even cap, like, I need to spend a lil' bag on the lean-lean-lean (Ooh)

Nigga play with me then he gon' end up in a dream (Ooh)

Never put too much faith in a nigga 'cause he might turn green (Ooh)

If that is your partner, you the same thing

You count a lil' more just to maintain

Yeah, wanna go up in my life like moving a mountain (Uh, yeah)

Feel like I'm stuck in the middle, I won't change the outcome (Uh, yeah)

Niggas not winning these wars, I'm winning the battle (Uh, yeah)

I need a rider like saddle, different hoes at the pad (Uh, yeah)

Wanna go up in my life like moving a mountain (Uh, yeah)

Feel like I'm stuck in the middle, I won't change the outcome (Uh, yeah)
