

Perc Wit Me

UnoTheActivist

Damn son where did you find this?

Hold on little bih, why you lurking?

'Bout to smoke this gas and watch you twerk for me

'Bout to smoke this gas and watch you twerk for me

'Bout to smoke this gas and watch you twerk for me

I just want you to come pop this Perc for me

'Cause when you do it, swear you do it perfectly

When you do it, swear you do it perfectly

When you do it, swear you do it perfectly

Know I flexing feel like Hercules

These hoes on me and they're on their knees

Ay, girl, I got what you need

Ay, when I'm in this bitch do not tease

Girl, go 'head, yeah, yeah, girl, go 'head, yeah, yeah

Give me head, yeah, give me head, yeah, yeah

I'm so sick, I'm slick just like a blade

And I swear I might shoot him dead in his head

Hold on little bih, why you lurking?

'Bout to smoke this gas and watch you twerk for me

'Bout to smoke this gas and watch you twerk for me

'Bout to smoke this gas and watch you twerk for me

I just want you to come pop this Perc for me

'Cause when you do it, swear you do it perfectly

When you do it, swear you do it perfectly

When you do it, swear you do it perfectly
