All your friends turn to foes 'cause they been hating on the low  
Better watch who you call your bro, call your bro, ay  
Why you betray me? I don't know  
Why you betray me? I don't know  
Man I thought that was my bro, was my bro, ay  
Wish that I could reverse time and cut off all of these slimes  
And give none of y'all no shine, ain't no shine, ay  
But there's one thing on my mind and that's my mo-fucking shine  
I cannot waste no time, waste no time, ay

Better watch who you call your bro, call your bro, ay

I had to find me a better route I pull up then I'm gon' air it out

I do not care about the digits, the money the only thing I'm gonna care about

Said that they wanted some young niggas hate me on my cellular

Ooh, you looking familiar

If you snitching then I'm killing ya

I do not trust any nigga I really don't even trust some of my familiars

My diamonds jumping for really yeah I just really want a couple of millions

My legacy, look for my lineage, shooting and I'm shooting up pavilions

What the fuck's gone through your head?

All of the mouths that I've fed

Quick chopper gon' shoot from the hip

I promise I'll go for no lip

Got some niggas I don't

Chase a nigga like some

In return they let me down

In return they let me down
