That bitch , hop out speeding on the main road
Glock for every season, I change pistols like I change clothes
Baby give me a reason, I'll take you out to the Four Seasons
Baby give me a reason, we'll go somewhere where it's only one season
Baby I know you need me, just marry me just for that reason
Slimed a N out I wiped his nose just like he sneezing
I done took some time away from the game so I could figure out just what I'm thinking
Learning to motivate them every time that I'm speaking
Took shrooms 30 minutes ago think it's time for me to start peaking
outside, woke up like it's time for you to start sleeping
Mad as fuck I ain't got nothing to put my weed in
I know she mad as fuck that she leaving
And I never pick and choose
Cause money feel like a even if I were to lose
And I got what you need but you know beggars can't be choosers
I done seen real Ns go from dealers to users
When I was a kid only thing I wanted was a Frank Mueller
Now I'm good with the jeweler
Teaching me how to scuba
Dive inside that water baby girl yeah Imma scuba
20k a show and I ain't ever went to school
Fell in love with these bitches the first time I went to Hooters
Call my youngin Steph Curry cause he fell in love with shooting
Tried to count me out but they ain't know what they was doing
Don't want to give me credit for being 'round the world biggest influence
Every time I take my shot they try to block it like Patrick Ewing
Do you love me or not? Do you hate me? I never knew it
It's the wrong way or the the right way give a fuck I'm still pursuing
Lil N you could die today keep on playing with my moolah
Look me in my eyes and get a very good look
And just know not to judge from the cover of a book
If you know what it took
