One life, speeding through the lanes in a Tesla  
All night, I could lose it all, that's a no-no  
Things changed, now my wrist look like a snow globe  
Same way, one-way, feeling fucked up  
Speeding through the lanes in a Tesla  
All night, I could lose it all, that's a no-no  
Things changed, now my wrist look like a snow globe
