But look I'm just poppin lil shit, you know what I mean  
I'm happy now  
Now let's get it alright

Like, he far from a pen but still he's not far from a pen, like  
Ease up off the hinge, standing ovation like your knees they don't often bend it's time to cease one of your limbs  
And these days they all pretend  
I told my baby that we gon' always win, In this life of sin  
Real recognize for the real make compromise  
And these days they all lies, and these days they all ties  
Still, I am on ties, Musan frog died  
Usain Bolt right to the money I'm gon' haul ass  
Look, I'm gon' ball past these lil niggas  
It's all bad for these lil niggas  
They call dad just like a lil nigga, ha, yea man  
Who? I'm talkin' all cash  
They want me to spaz out, 'cause I hold the cash out  
Back then it was fiction, but, now I'm speaking facts now  
These niggas playin they're hoe they own re-dial  
Oops I mean speed-dial, shoot up the party, speed out  
My nigga locked up so I guess he live through me now  
I guess I plant seeds now, I guess I'm the one they wanna be now  
Me, I go high just like the tree house  
Ha, I go high just like the tree house, new views I get to see now  
Ooh, might just speak the beat out  
Ooh, I might just lead the team out  
Ha, look, the victory, they draft it they give 'em me  
They can't drain this energy  
They won't bring religion to this hoe but we do got Sinergy  
Chopper long like centipede, you came where you put your feet  
And I pray for my enemy, but these stairs hold no entering  
And this Tec hold a fifty piece, chopper hit him he deceased  
He deceased like he was Gleesh, I'm everything they pretend to be  
Saddest story, there in a week, back to the boning  
She flew to me, gave 'em a loan  
You got to weak, you took too long, maybe you gon' see  
Ha, walk in my trap house don't make a squeak  
I'm screaming out free Meek, yeah
