# Take A Trip

**UnoTheActivist**

Baby, let's take a trip, oh, yeah
(Dream this shit go dummy)

Baby, let's take a trip
I was wearing my Rafs, she was rocking her Ricks
Who the fuck knew that death came with a kiss?
Who the fuck said it ain't cool to go out lit?
Who the fuck said it ain't cool to get this rich?
Think you sold your soul, you drip like this
Only Lord knows
Only God knows
Only God forgives, I just hope you know I don't

I'm in the back with foreign wheels
We gon' pull up in a Tonk'
Yeah, they tell me "Speed kills," I go fast, you hear me honk
My face might melt off this pill, I hope it don't
And she love the cheap thrills, I got what you want
Yeah, I'm having what you need
I get so high, I just might boot up then go God speed
Popping Percocets, I got Molly and Codeine
When she give me that sex, it just put my mind at ease
I can't trust nobody, they turn rat just for the cheese
He ain't save nobody, he invisible I can't see
Niggas be wanting my bitch, yeah, they try but can't succeed
They know I'm the root of all this shit, I plant my seeds
This not no CPR, one punch to the chest and we tell him to brea the
Even if you is my partner I'll cut off your hand if you try to be greedy
I know this life could get sour so I gotta fuck on that little bitch sweet
Every time some little fuck shit enter my life, I had to delete it

Baby, let's take a trip
I was wearing my Raf's, she was rocking her Rick's
Who the fuck knew that death came with a kiss?
Who the fuck said it ain't cool to go out lit?
Who the fuck said it ain't cool to get this rich?
Think you sold your soul to drip like this
Only Lord knows
Only God knows
Only God forgives, I just hope you know I don't
