

Wake Up

UnoTheActivist

Peyote beats
Brr (Anything you want to be, ay)
Yeah, yeah, yeah (Ay, it's cool)
Brr
Yeah, dream, pull up
Wake up, yeah
Mm-mm (Brr)
Ay-ay, ay-ay-ay-ay (Brr)
Yeah, yeah (Brr)

Be, be, please be, just be, you
Be, be, you, be, just be you
Believe, believe, you, believe, believe
Believe, believe, be, just be you

Everything you can achieve
Try it out, you will succeed
Live, breathe, sleep, dream
Living my life like a king
Little baby wanna ring
No I do not do those things
Everything I do for me
Believe in yourself and I swear you will see
I do not bang, I be overseas
I'm a strange deranged entity
Lord forgave me now I'm spreading my wings
Yeah, hop in the back of the tissue the heaven machine, whoa
Hopping up out of the bank, screaming out cheese, ooh
Hop in the back of your bitch, she screaming for me, whoa
Look at my wrist bitch, screaming out, bling bling, blow
'Member when my mamma used to cry on her knees

Be, be, please be, just be, you
Be, be, you, be, just be you
Believe, believe, you, believe, believe
Believe, believe, be, just be you
