

# Withdrawals

UnoTheActivist

(Damn, Nvbeel)

Feel like I'm going through withdrawals  
Every time I peak it's feeling like I'm falling  
I put on some Ricky jeans and some Doc Martens  
Finna go and hit the doc' and get a whole script  
Like I need Jesus, I died and rose bitch  
They all say I need flowers, fuck them roses  
Oh, that's your ho? She touching toes, like how she posing  
I put the dick in her, go fast and then slow motion  
You tell anybody we fucked and then you're done  
Live my lifestyle private, baby, don't ruin the fun  
Like to geek up and start partying all night until the sun  
Claim they put that shit on but that little outfit ain't nothing  
Come for me, get spit on, promise you I'm not the one  
I promise you I keep a gun  
.762 bullets, they hotter than the sun  
Sometimes I try, what get me through it is the money  
I text you like, "Girl, why don't you get on that one-way?"  
We kick shit like Jackie Chan, she like my feng shui  
I just wanna fuck her, I don't really wanna go on no lunch date  
We get high then get the munchies, you know what she ate

I appreciate it  
Nah, really, I appreciate it  
Playing with my feelings was anticipated  
Cut 'em off like I abbreviate  
How he feel?  
They wanna' know how he feels  
I'm just high off cheap thrills  
And expensive thrills

I'm so fried, I turn my phone off  
I don't wanna talk, I just want sit here and zone out  
The more the world get colder, I get hotter with these songs  
Sometimes I feel like it's too much, I just wanna be alone now  
I don't know what's going on in the world, I'm in my bubble  
Everybody got problems but some turned into struggle  
I just wanna fuck you, no, I don't wanna' cuddle  
I just be so deep inside my thoughts thinking 'bout this trauma  
Say bae, hey bae not for the drama  
They hate, 'cause I'm blowing up like Osama  
Been a decade niggas still being vaginas  
I ain't going, on my mama

I appreciate it  
Nah, really, I appreciate it  
Playing with my feelings was anticipated  
Cut 'em off like I abbreviate  
How he feel?  
They wanna' know how he feels  
I'm just high off cheap thrills  
And expensive thrills
