

## Scathing Embrace

Unprocessed

The longer I watch inside  
The stranger I'm becoming to myself  
Dim shadows of my soul  
Throes of emptiness  
Still howling, afar  
So in flames I feel the chains like a Scathing Embrace

This all since thou  
Left your light  
To behold how  
I bleed

This all since thou  
Left your light  
To behold how  
I bleed
