

Snake

Unprocessed

Someday you'll know what I meant when I said
The snakes will come and go along the path
You'll keep yourself warm when it's hard to tell what cold real
ly means
You will run it's a one-way ticket don't look back, no

Open your eyes see the life that awaits and stay
Unbroken, eyes open

Show me what you
Just show me what you got
So show me what you
Just show me what you got

Someday you'll know what I meant when I said
These snakes they'll speak in tongues, don't turn your head
The journey is on, it's a one-way ticket, no way back
Someday you must run, overcome your limits, don't look back (no
)

Open your eyes see the life that awaits and stay
Unbroken, eyes open

Show me what you
Just show me what you got
So show me what you
Just show me what you got

They come for you
They'll say what you don't want
They can't see you
They will explain what you don't wanna see
They will explain what you don't wanna see
Snakes come and go

Someday you'll know what I meant when I said
The snakes will come and go along the path
Someday you'll know what I meant when I said
The snakes will come and go along the path
