

Luminaries

Unshine

The dark's a secret force
Behind the closed doors
The fall is hiding in
The portrait of the queen

Slower than in dream
They're going through the gates
I am the admirer
Of their spirit

Time is on the side
Of a blade sound and fine
Airy are footsteps
Who've been on the other side

All I hear and see
makes me thorough free
Air is vibrant here
I don't have to fear

Everlasting are
Things they give for us
From minds
Timeless and divine
Mysterious you are
Near and so afar
Minds
So timeless and divine
