

Follow Through

Unspoken.

I lay it all down at Your feet on the floor
But pick it up as I walk out the door
Oh God, help me surrender
It's easy to rest my heart for a moment
But then I fear the waves of the ocean
Oh God, help me remember

Over and over, every minute
Closer and closer, I am committed
Why do I follow this fickle heart of mine

More than my hands raised high
More than the tears I've cried
More than a one time
This is a lifetime, of chasing You
I feel Your Spirit move
A love I cannot refuse
Help me surrender, once and forever
And follow through
Follow through, follow through

Let my life be a beautiful garden
That You plant and bring forth a harvest
Oh God, won't You use me
Through every season, keep growing stronger
Living my life to bring You honor
Oh God, Yours in the glory

Over and over, every minute
Closer and closer, I am committed
I'm not gonna follow this fickle heart of mine

More than my hands raised high
More than the tears I've cried
More than a one time
This is a lifetime, of chasing You
I feel Your Spirit move
A love I cannot refuse
Help me surrender, once and forever
And follow through
Follow through, follow through

Follow through, follow through

I'm not looking down
I'm not turning back
Press on the goal, this is my path
I stand on Your mercy
I fall on Your grace
I'm not giving up, 'til I finish the race

Here with my hands held high
Here with my heart on fire
More than a one time
This is a lifetime, of chasing You
I feel Your spirit move
A love I cannot refuse

Help me surrender, once and forever
And follow through
Follow You
