

# What He Says About You

Unspoken.

You had a light  
Till somebody stole it  
The words that they said cut you like a knife  
They Called you a name you started to own it  
You hear the echoes in the dead of night

Tired of the cheap shots  
Comin at you nonstop  
Leavin' marks on your heart  
Like a tattoo  
Drowning on the inside  
Reaching for a lifeline  
Let these be the words that you hold on to

You are loved  
Chosen  
Long before the day you were born  
You are held  
Forgiven  
Treasured more than you'll ever know  
When the lies get loud  
Let the truth ring out  
Till the only thing you're listening to  
Is what he says about you

Is what he says about you  
Is what he says about you  
Is what he says about you...

And If the hands  
That gave you a heartbeat  
Are the same hands that painted the stars  
Then child of the one true God  
Tell me how could you not  
Believe that you're a work of art

You are loved  
Chosen  
Long before the day you were born  
You are held  
Forgiven  
Treasured more than you'll ever know  
When the lies get loud  
Let the truth ring out  
Till the only thing you're listening to  
Is what he says about you

Is what he says about you  
Is what he says about you  
Is what he says about you

The only thing that matters  
The only thing that matters

You are loved  
Chosen  
Long before the day you were born

You are held  
Forgiven  
Treasured more than you'll ever know  
When the lies get loud  
Let the truth ring out  
Till the only thing you're listening to  
Is what he says about you

Is what he says about you  
Is what he says about you  
Is what he says about you

The only thing that matters

Is what he says about you

The only thing that matters

Is what he says about you
