

## Prophecy

Unter Null

You are so cruel and so unkind  
...I think I may have lost my mind...  
Your vicious attacks  
And your poison tongue  
Your attempts to make me succumb..

Your vicious attacks  
Your poison tongue  
Your attempts to make me succumb...

Seething full of rage  
I want to push you down  
and make you beg beg beg beg beg

Well...

You've crossed all lines with me  
You've broken boundaries  
I want to see you dead and cold  
and silent  
just once  
just once  
The truth will unfold

You don't know the thoughts in my mind  
Just like you so cruel and so unkind  
I'm so proud to see you moving on  
I'm so proud to see you failing well  
Your self-fulfilling prophecy  
Failing on your hands and knees  
Just like me... but I'm far above..  
Oh I'm so beyond your wicked games..
