

## Mixed Signals

Until I Wake

Is this what I want?  
I don't trust my judgement  
Look at what I've lost  
Will it ever stop?  
Repeating the same sequence  
Until I self-destruct

Why did pride decide to punish me?

Is this what I want?  
Can I make it on my own?  
'Cause I can't adjust  
They say you reap what you sow  
How far can I go?  
These actions have consequences  
I'm getting mixed signals  
Mixed signals

I think it's time that I should call it quits after this  
You know I never will  
I've got a reputation  
Let's make some bad decisions  
You know me all too well

Watch your back, the devil was an angel  
Better run fast  
A viper's at your ankles

Is this what I want?  
Can I make it on my own?  
'Cause I can't adjust  
They say you reap what you sow  
How far can I go?  
These actions have consequences  
I'm getting mixed signals  
Mixed signals

Is this what I want?  
Is this what I want?  
Just save yourself the disappointment  
Some things are better off left broken  
Liar, monster  
Have I been deceived?  
Traitor, faker  
Queen of treachery  
Liar, liar, now you're dead to me  
Watch your back when you're out on the streets  
Whoa  
Whoa

Is this what I want?  
Can I make it on my own?  
'Cause I can't adjust  
They say you reap what you sow  
How far can I go?  
These actions have consequences  
I'm getting mixed signals
