

Remember This

Until I Wake

These days that I been away
I know it don't make so much sense
I know everything has changed
Still tryna make sense of it myself

Wonder is it gravity?
Thought I figured it all out from the start
Now it's pulling me a different way
Far from the other half of my heart

I'm gone but not forever
As long as my heart beats
We'll always be together
No matter where I am
I dreamed I'd be here someday
Never knew how or when
But God knows I'll always love you
Hope you remember this

Hope you know how much
I wish that I could stay
Hear my voice echoing
In your dreams whispering

Lift up your spirits
Keep your vision to the sun
From the other side of the world I'll be
Looking at the stars

I'm gone but not forever
As long as my heart beats
We'll always be together
No matter where I am
I dreamed I'd be here someday
Never knew how or when
But God knows I'll always love you
Hope you remember this

I'm gone but not forever
As long as my heart beats
We'll always be together
No matter where I am
I dreamed I'd be here someday
Never knew how or when
But God knows I'll always love you
Hope you remember this
