

Running

Until Rain

[Verse 1]

I'm running out of pills
I'm running out of patience
I'm running out of tears

Grief is the bullet
Your absence is the gun (hit me)

[Chorus 1]

Take away my pain
Take me to a better place

[Verse 2]

I'm running out of love

I'm running from my demons
I'm running towards my cove

Is it really happening?
In your arms I found the truth I found salvation

[Chorus 2]

Take away my pain / Take me to a better place
Free me of this burden / Let me live again
