

I see the mirror in your eyes again
Do I exist in its reflection?
Is what I see what I should believe?
You look at me and you don't see at all

Fauna in the valley
Or the eagle on the mountain
Sunset on the ocean
I'll miss you
For seven days I try
On the seventh day I sigh
'Cause heaven's in my mind
Mana

Don't worry son, I know you're sorry
I see the needle in your vein
I touch the cold heart of an innocent child
Into the lifeless eyes, only here a while

Fauna in the valley
Or the eagle on the mountain
Sunset on the ocean
I'll miss you
For seven days I try
On the seventh day I sigh
'Cause heaven's in my mind
Mana

I see the sunshine far away
I feel the days go by
I see the stars shine far away
I feel the time

Fauna in the valley
Or the eagle on the mountain
Sunset on the ocean
I'll miss you
For seven days I try
On the seventh day I sigh
'Cause heaven's in my mind
Mana
