

Torture

UNWELL

Your mind will torture you

I've lost
Who I used to be
A eulogy
For all I've known
And with the weight of a thousand voices
My mind's got me in a chokehold

Lost in the gloom
Trapped inside my head again
Lost in the gloom
Replaying things I wanna forget
Lost in the gloom
Forcing me to walk to the ledge
I have no peace
You torture me

My thoughts
Have been consumed
I lost my youth
I'm on my own
I've come to know that
I'll always be alone
'Lone, 'lone, 'lone

Lost in the gloom
Trapped inside my head again
Lost in the gloom
Replaying things I wanna forget
Lost in the gloom
Forcing me to walk to the ledge
I have no peace
You torture me

Pain and suffering are all I know

Lost in the gloom
Trapped inside my head again
Lost in the gloom
Replaying things I wanna forget
Lost in the gloom
Forcing me to walk to the ledge
I have no peace
You torture me

Lost in the gloom
I'm lost in the gloom
Lost in the gloom
You torture me
Lost in the gloom
Forcing me to walk to the ledge
I have no peace
You torture me
